**Most Importantly Love  
By Rupi Kaur**

most importantly love  
like it's the only thing you know how  
at the end of the day all this  
means nothing  
this page  
where you're sitting  
your degree  
your job  
the money  
nothing even matters  
except love and human connection  
who you loved  
and how deeply you loved them  
how you touched the people around you  
and how much you gave them

And so it is.
